## **SENATE BILL**

**No. 896**

---

### **Introduced by Senator Runner**

February 22, 2005

---

An act to amend Section 4011.10 of the Penal Code, relating to inmates, *and declaring the urgency thereof, to take effect immediately.*

#### LEGISLATIVE COUNSEL'S DIGEST

SB 896, as amended, Runner. Inmates: health care services.

Existing law authorizes the Department of Corrections and Rehabilitation, county sheriffs, and police chiefs ~~to~~ to contract with providers of emergency health care services.

This bill would, in addition, allow other public agencies that contract for emergency health services to contract with providers for emergency health care services for care to local law enforcement patients.

Existing law provides that specified associations convene a working group to address fiscal issues relating to the provision of this contracted emergency medical health services. This bill would provide that to the extent that these contracts result in a disproportionate share of local law enforcement inmates being treated at any one hospital or system of hospitals, this working group shall address this issue.

*This bill would declare that it is to take effect immediately as an urgency statute.*

Vote: ~~majority~~<sup>2/3</sup>. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

1 SECTION 1. Section 4011.10 of the Penal Code is amended  
2 to read:

3 4011.10. (a) It is the intent of the Legislature in enacting this  
4 section to provide county sheriffs, chiefs of police, and directors  
5 or administrators of local detention facilities with an incentive to  
6 not engage in practices designed to avoid payment of legitimate  
7 emergency health care costs for the treatment or examination of  
8 persons lawfully in their custody, and to promptly pay those costs  
9 as requested by the provider of services. Further, it is the intent  
10 of the Legislature to encourage county sheriffs, chiefs of police,  
11 and directors or administrators of local detention facilities to  
12 bargain in good faith when negotiating a service contract with  
13 hospitals providing emergency health care services. The  
14 Legislature has set a date of January 1, 2009, for this section to  
15 be repealed, and does not intend to delete or extend that date if  
16 county sheriffs, chiefs of police, and directors or administrators  
17 have not complied with the intent of the Legislature, as expressed  
18 in this subdivision.

19 (b) Notwithstanding any other provision of law, a county  
20 sheriff, police chief or other public agency that contracts for  
21 emergency health services, may contract with providers of  
22 emergency health care services for care to local law enforcement  
23 patients. Hospitals that do not contract with the county sheriff,  
24 police chief, or other public agency that contracts for emergency  
25 health care services shall provide emergency health care services  
26 to local law enforcement patients at a rate equal to 110 percent of  
27 the hospital's actual costs according to the most recent Hospital  
28 Annual Financial Data report issued by the Office of Statewide  
29 Health Planning and Development, as calculated using a  
30 cost-to-charge ratio.

31 (c) A county sheriff or police chief shall not request the  
32 release of an inmate from custody for the purpose of allowing the  
33 inmate to seek medical care at a hospital, and then immediately

1 rearrest the same individual upon discharge from the hospital,  
2 unless the hospital determines this action would enable it to bill  
3 and collect from a third-party payment source.

4 (d) The California Hospital Association, the University of  
5 California, the California State Sheriffs' Association and the  
6 California Police Chiefs' Association shall, immediately upon  
7 enactment of this section, convene the Inmate Health Care and  
8 Medical Provider Fair Pricing Working Group. The working  
9 group shall consist of at least six members from the California  
10 Hospital Association and the University of California, and six  
11 members from the California State Sheriffs' Association and the  
12 California Police Chiefs' Association. Each organization should  
13 give great weight and consideration to appointing members of the  
14 working group with diverse geographic and demographic  
15 interests. The working group shall meet at least three times  
16 annually to identify and resolve industry issues that create fiscal  
17 barriers to timely and affordable emergency inmate health care.  
18 In addition, the working group shall address issues including, but  
19 not limited to, inmates being admitted for care and later  
20 rearrested and any other fiscal barriers to hospitals being able to  
21 enter into fair market contracts with public agencies. To the  
22 extent that the rate provisions of this statute result in a  
23 disproportionate share of local law enforcement patients being  
24 treated at any one hospital or system of hospitals, the working  
25 group shall address this issue. No reimbursement is required  
26 under this provision.

27 (e) Nothing in this section shall require or encourage a hospital  
28 or public agency to replace any existing arrangements that any  
29 city police chief, county sheriff, or other public agency that  
30 contracts for emergency health services for care to local law  
31 enforcement patients.

32 (f) An entity that provides ambulance or any other emergency  
33 or nonemergency response service to a sheriff or police chief,  
34 and that does not contract with their departments for that service,  
35 shall be reimbursed for the service at the rate established by  
36 Medicare. Neither the sheriff nor the police chief shall reimburse  
37 a provider of any of these services that their department has not  
38 contracted with at a rate that exceeds the provider's reasonable  
39 and allowable costs, regardless of whether the provider is located  
40 within or outside of California.

(g) For the purposes of this section, “reasonable and allowable costs” shall be defined in accordance with Part 413 of Title 42 of the Code of Federal Regulations and federal Centers for Medicare and Medicaid Services Publication Numbers 15.1 and 15.2.

(h) For purposes of this section, in those counties in which the sheriff does not administer a jail facility, a director or administrator of a local department of corrections established pursuant to Section 23013 of the Government Code is the person who may contract for services provided to jail inmates in the facilities he or she administers in those counties.

(i) This section is repealed as of January 1, 2009.

*SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect.*

*The facts constituting the necessity are: In order to ensure that existing arrangements for emergency health services for care to local law enforcement patients are maintained, it is necessary that this bill take effect immediately.*
